Declaration of Compliance

Att.: To whom it may concern

This declaration is valid for the following items:

Product **Unbleached tea filters in various lengths**

The items are unbleached tea-filters made of cellulose fibres with PLA (polylactic acid) fibres.
The material is biodegradable and compostable in accordance with EN 13432.
Only materials which are suited for the intended use are used in the production of these items.

Intended Use

Based on documentation from our suppliers the items may safely be used for tea brewing.

The Tea-filters are intended for use under the following conditions of temperature and time:

- Room temperature
- Submerged in water up to 100 °C for up to 30 minutes.

The Tea-filters are not intended for use under the following conditions and temperatures:

- Heating in conventional oven or microwave oven
- Freezing

Under normal and foreseeable conditions of use, the material does not cause any unacceptable changes in the composition or organoleptic properties of the food.

Compliance with European food contact legislations

With reference to the documentation, from our suppliers of the used raw materials and providing the items are used as intended, we hereby declare that the items comply with the following regulations:

- **Regulation (EC) No 1935/2004 of the European Parliament and of the Council** on materials and articles intended to come into contact with food
- **Commission Regulation (EU) 10/2011** on plastic materials and articles intended to come into contact with food including all amendments up to and including Commission Regulation (EU) 2025/351.
- **Commission Regulation (EC) No 2023/2006** on good manufacturing practice for materials and articles intended to come into contact with food
- **Commission Directive 2007/42/EC** relating to materials made of regenerated cellulose intended to come into contact with foodstuffs

Compliance with National food contact legislations and regulations

With reference to the documentation, from our suppliers of the used raw materials and providing the items are used as intended, we hereby declare that the items comply with the following regulations:

- **Danish Regulation BEK nr. 681 of** 25/05/2020 on Food Contact Materials and on Penal Provisions for Violation of Related EU Acts
- **BfR Recommendation XXXVI. Paper and board for food contact.**
- **U.S. FDA - Code of Federal Regulations Title 21 Chapter 1 –** Section 176.170 Components of paper and paperboard in contact with aqueous and fatty foods

Substances

Intentionally added shall mean deliberately utilized in the formulation of a material or component where its continued presence is desired in the final product to provide specific characteristics, appearance, or quality. Please note that we do not analyze the tea-filters for the substances listed below. Information below is based on information given by our suppliers.

PFAS
We hereby declare that fluorinated substances, including per- and polyfluoroalkyl substances (PFAS), are not intentionally added in the manufacturing of the raw materials.

Bisphenol
We hereby declare that Bisphenol BPA and related bisphenols are not intentionally added in the manufacturing of the raw materials.

Heavy metals
We hereby declare that heavy metals are not intentionally added in the manufacturing of the raw materials.

MOSH/MOAH
We hereby declare that Mineral Oils Saturated Hydrocarbons and Aromatic Hydrocarbons are not intentionally added in the manufacturing of the raw materials.

Chloropropanol
We hereby declare that Chloropropanol is not intentionally added in the manufacturing of the raw materials.

Animal origin substances
We hereby declare that substances of animal origin are not intentionally added in the manufacturing of the raw materials.
